Villeroy & Boch's Architectura MetalRim series now includes slim-line, rimless shower trays. The shower tray features an integrated plug hidden in the tray's four corners, which are reinforced with galvanized steel for extra stability. The shower trays can bear weight up to 1000 kg. The minimalist design allows for a variety of installation options and complements different décor styles. **Villeroy & Boch, Mettlach, Germany.** villeroy-boch.com, info@villeroy-boch.com

Hartmann Tresore's Mixed Double combines a room safe and minibar into a cohesive unit. The room safe features a white LED display and individually backlit keys. The HS 460 series room safe has an iButton for easy programming, emergency opening and

transaction readout. The minibars have energy-efficient, noiseless cooling systems. Models featuring the Peltier cooling system are rated energy efficiency class A+. **Hartmann Tresore, Paderborn, Germany.** hotelsafes.de, info@hotelsafes.de

Kärcher's five new ecoefficiency dry vacuum cleaners form a complete line of entry-level to high-end, resource-saving models. The vacuum cleaners use 40-percent less energy than vacuum cleaners with equivalent cleaning power and operate at low noise levels. Available with container sizes between 7 and 17 liters, the vacuums feature tear-proof fleece filter bags, washable permanent main filters, and a plug-in cable that can be exchanged if damaged, saving service costs. **Kärcher, Winnenden, Germany.** kaercher.com, hospitality@de.kaercher.com
